Dear Parents/Caregivers,

## Innovation and Creativity

Our integrated topic relating to innovation and being entrepreneurial is proving to be one that is developing our children's creative abilities, and one they are really enjoying. As part of the study there has been a lot of product development and testing. Children have been making containers for precious treasures, Christmas decorations, designing mouth watering hamburgers, letterboxes and Christmas cards, cupcake containers and designer chocolates. The Year 7 and 8 students are working in groups to develop a range of products that will appeal for sale. They have already held their mini market day and are refining their products for the grand market day on December 2<sup>nd</sup>. It is an event to look forward to.

## Kapa Haka

Our school Kapa Haka group performed at the Waitakere Schools' Multicultural Festival for the first time last week. The group was fantastic with impressive singing, poi and haka on display. Thanks to Whaea Frances and Mrs Hayden for getting the group so well prepared for the festival.

## School Disco

The Disco held on November 5<sup>th</sup> was a great night for all the children. Thanks to the PTA for organising another great event.

## Family Fun night

Keep Friday 3<sup>rd</sup> December free as the Family Fun Night is always an enjoyable way to relax and celebrate the end of another successful year as the Marina View School community.

Have a great weekend everyone.

Regards
