Dear Parents/Caregivers,

Welcome back everyone to Term 2 at Marina View School. I hope you all have a great time throughout the term. A special welcome to the children and families who are new to the Marina View School community.

Korea trip

At the end of last term a group of students and teachers visited Seoul, Korea and then took the bullet train (at 300 km per hour) to an historic village near Gyeong Ju. The whole trip was fantastic. The children were hosted wonderfully by families of Yang Jin Elementary School in Seoul and we had many amazing experiences. At Gyeong Ju we dressed in traditional Korean Clothes (hanbok) and participated in a Lotus Tea ceremony. We also visited a folk village, a Buddhist monastery and in Seoul went shopping in the fantastic Myeong-Dong markets. The people of Korea were so kind and caring. It will be a trip that we will always remember.

Maggi Cooking Showdown

Today a group of our Year 7 and 8 students were filmed cooking an amazing meal for the Maggi Cooking Showdown. The children were chosen as one of the regional finalists for this Intermediate School competition. They work so well as a team and created an impressive crumbed snapper dish (including piped mashed potatoes). The cooking will soon be on the internet as there is voting for favourite dishes. We will let you know more when we have further details. With such cooking expertise on show, I am sure we will see a few of our chefs on 'MasterChef' in years to come.

Gym now open

We are pleased to say that the new Gymnasium is finally open for classes and has been well used this week. It will be a wonderful asset to the school and the community, especially in winter with the weather starting to change.

How things work

The schools integrated topic for this term is 'How Things Work'. The children will have a great time of wondering, discovery and creation.
