Dear Parents and Caregivers,

Science Roadshow

The Fonterra Science Roadshow visited our school last week. The children had a great time exploring a wide range of interactive scientific activities. The Roadshow fitted in very nicely with our integrated study on 'How Things Work'. Children get so much enjoyment and practical knowledge from 'hands on' science.

Year 7 and 8 Girls 3rd in Auckland Championships

On Tuesday our Year 7 and 8 Girls Soccer team participated in the Auckland Soccer championships and came third. This is a great result as they were competing against teams from large Intermediate schools across the region. Well done girls we are very impressed!

Drumming Show

Last week Year 3-6 were entertained with a wonderful drum show in the hall. The children saw some amazing skills with fast and furious beats and drumsticks twirling. The music ranged from rock, to jazz, then to wonderful South American rhythms. The teachers even got into the swing, dancing to the beats.

Photography Group

As part of their 'Options' programme, a group of Year 7 and 8 students are learning to enhance their photographic skills. The photo opposite is one of the many impressive shots they have taken. These students are really developing an eye for a quality photo. More photos from the group can be seen on the school website <http://www.marinav.school.nz> under the 'What's Up' tab.

MEDIA RELEASE FROM PUBLIC HEALTH—MEASLES

You may have heard on today's news of some reported cases of measles, following a screening of a movie at St. Lukes last Saturday.

The Public Health Department Officer of Health Dr Richard Hoskins, has asked that families please check the following:

- * Check that immunisations are up to date, if they are not you should call your doctor to arrange catch-up.
- If you or your children start to develop measles symptoms (runny nose, cough, sore eyes, fever or red rash) up to the 11th of June, which is the Saturday after the long weekend, please stay at home, limit visitors, and call your doctor to arrange an appointment.

Make sure you tell your doctor that it might be measles before visiting.

Dr Hoskins advises: "Measles is highly infectious and makes people very sick. Vaccination is the only protection from this potentially serious disease. This disease spreads easily through the air, especially from coughing and sneezing – it is highly infectious. It commonly causes ear infections and pneumonia, and may lead to other serious complications and can, in some cases, be fatal."

"These latest measles cases confirm that measles is still circulating in our communities so it's really important that children are immunised to protect them from needless suffering."

STUDENT ABSENCES

Thank you for advising the office when your child/children will be absent from school.

When advising us, please state:

- Child's Name and Room No.
- Reason for absence

SCHOOL MESSAGES

CLASS PHOTOS

Your child has brought home an envelope for a Class Photo to be taken at school on Thursday 9th June. These are pre-paid, so if you would like a photo, please return the envelope with the payment to the classroom teacher. **Please have these back to school by Wednesday 8th June 2011.**

15th June is Portrait Individual Photos
 16th June is Portrait Family Photos (these photos are for siblings who attend Marina View School, not pre-schoolers. There will be an opportunity later in the year for family photos).

SOCCER

Norwest Soccer Zones Year 7/8

Our Year 7/8 boys and girls soccer teams took part in the Norwest tournament held on Wednesday 18th and Thursday 19th May. Marina View boys were unbeaten, winning all 4 pool games, a semi final against Lincoln Heights, and the final against Hobsonville. Marina View girls topped their pool and advanced through to the championship round robin, which they won.

Both teams have won the right to represent Norwest Zone at the Auckland Championship. Congratulations to both teams—a fantastic result!
